

Nova

Nova is new to our contemporary range and is manufactured in solid Tasmanian Messmate with some matching veneers. Very few modern designs are made with solid timber tops and Nova is unique because we have designed the movement of solid timber into it. Nova is available in fixed and extension table sizes.

CARE durable finish

CARE is a new acid cured lacquer from Europe. This finish provides a harder surface plus it is free of harmful chemicals. That's good for our customers and the environment.

Nova

Products shown

- T132** 2200mm Table
